Polaris Sportsman 570 EPS

The Polaris Sportsman 570 EPS is a tough, versatile ATV built for work, towing and everyday off-road use. Powered by a 567cc ProStar engine producing 44 HP, it combines strong pulling power with selectable AWD and Electronic Power Steering for comfortable, confident handling. With a towing capacity of up to 612 kg, generous front and rear rack capacity and excellent ground clearance, the Sportsman 570 EPS is well suited to farms, estates, grounds maintenance and demanding leisure use.
