Polaris Ranger Diesel

£23,500.00 ex VAT

Polaris Ranger Diesel

The Polaris Ranger Diesel is a hardworking utility vehicle designed for agriculture, estates, groundcare and demanding commercial use. Powered by a proven 898cc three-cylinder Kubota diesel engine, it combines strong low-down pulling power with On-Demand AWD and Electronic Power Steering for confident operation across challenging terrain. With an impressive 1,134 kg towing capacity, a large tipping cargo box and seating for three, the Ranger Diesel is built to tackle serious workloads day after day. Heater Included.
